Chapter 19 Warsaw - Statistics & Activity

Sławomir KULA

Members of the Chapter Warsaw

Total number of members: 50

Members of the Chapter Warsaw

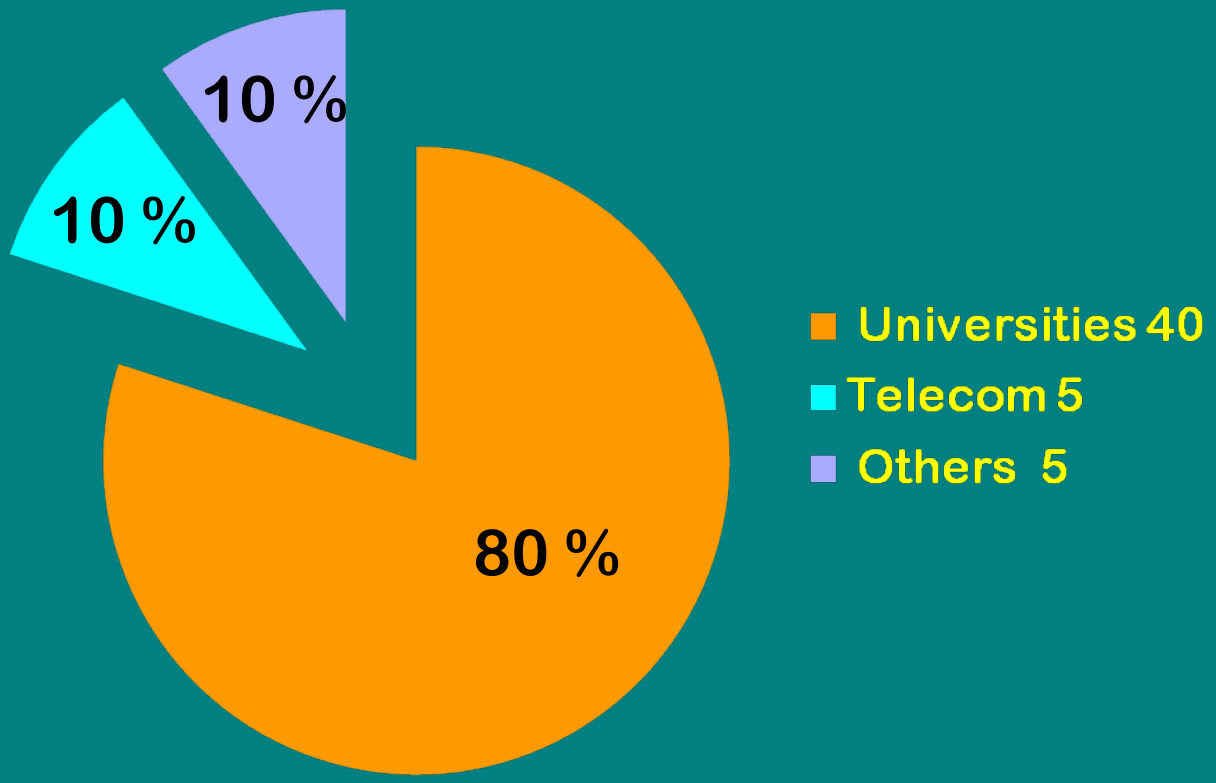
Members of the Chapter Warsaw

Members of the Chapter Warsaw

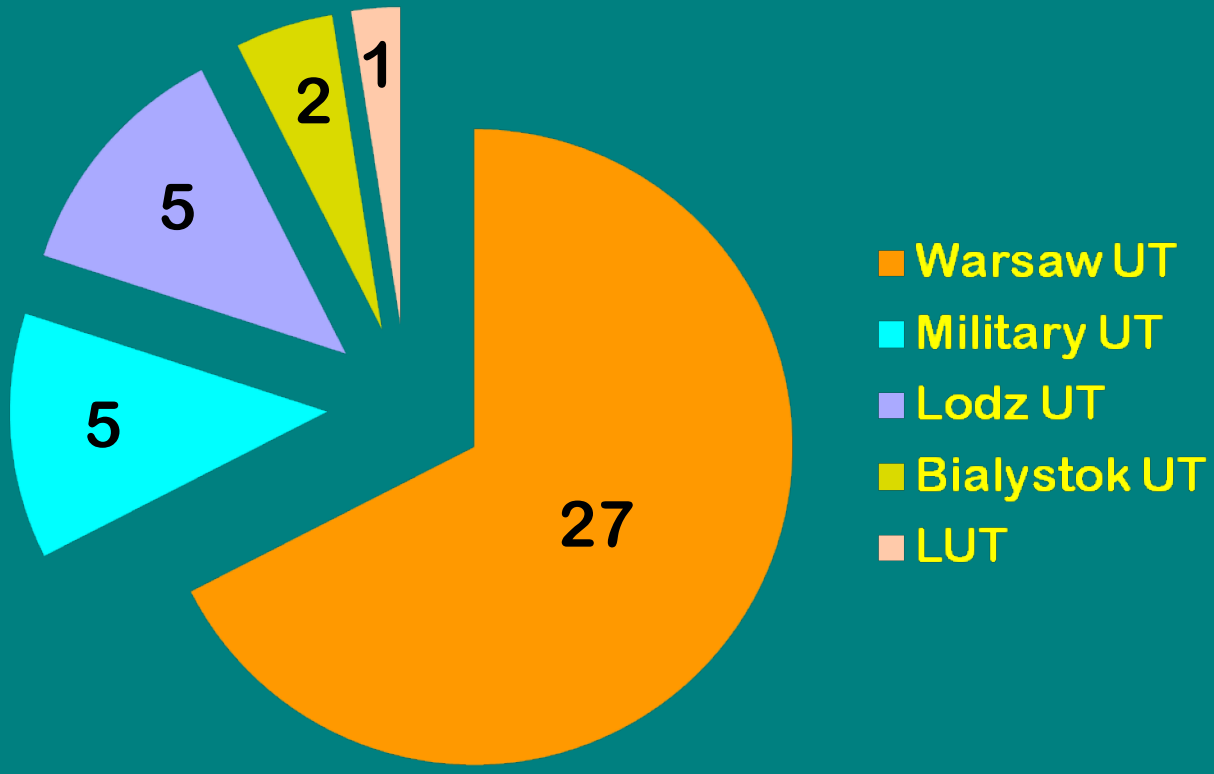
Members of the Chapter Warsaw

Members of the Chapter Warsaw

Members of the Warsaw Chapter



Members of the Warsaw Chapter from universities



Activity of the chapter in the period 2009-2013

Technical meetings - seminars (8) on:

- ***Planning of telecommunication networks***
- ***xDSL access systems***
- ***Quality of telecommunication services***
- ***LTE***
- ***Migration from SDH to Ethernet***
- ***Synchronous Ethernet***

Activity of the chapter in the period 2009-2013

Conference

Chapter ComSoc 19 Warsaw

People:

Chair	Ex Chair
Sławomir Kula	Michał Pióro
2007 ->	-> 2007

Academic staff: 40 Others: 10, Total: 50

Field of activities:

Open seminars on:

- *Planning of telecommunication networks*
- *Wired and wireless access networks*
- *Quality of services*
- *Ethernet vs SDH*

Collaboration with:

- *Polish Association of Telecommunication Engineers*
- *Systemics PAB*

Conferences technically co-sponsored by the chapter:

WARSAW NETWORKS 2010

14th International Telecommunications Network Strategy and Planning Symposium
September 27-30, 2010
Warsaw, Poland

MCC 2012
Military Communications and Information Systems Conference

Military Communications and Information Systems Conference
8th - 9th October, 2012
Gdańsk, Poland

40

IEEE

Activity of the chapter in the period 2009-2013

Workshop
June 2012
Warsaw

Activity of the chapter in the period 2009-2013

Conference

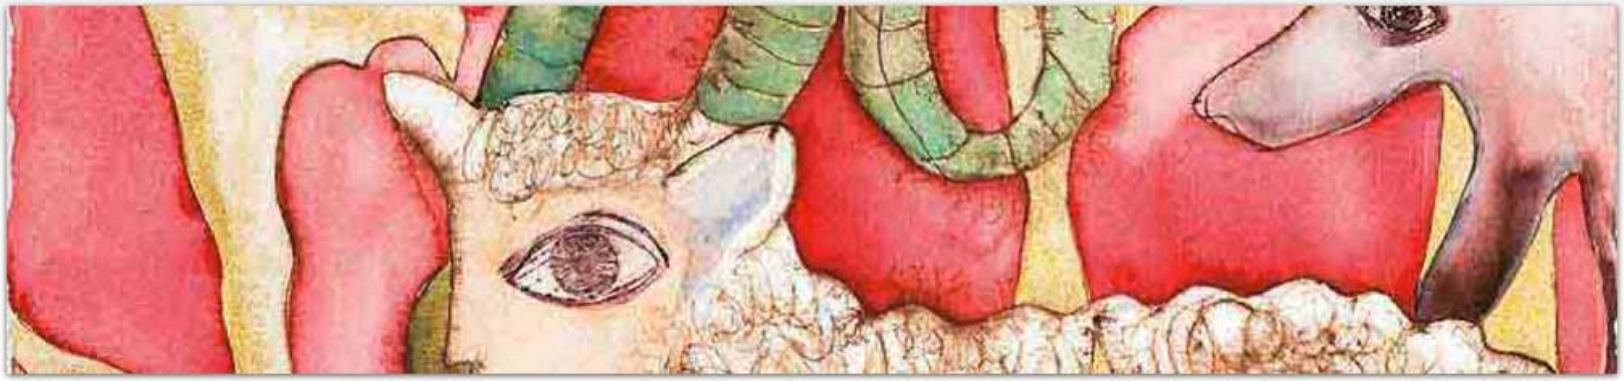
October 2012 Gdansk

Activity of the chapter in the period 2009-2013

INTERNATIONAL CONFERENCE ON QUALITY OF TELECOMMUNICATION SERVICES

Mobile Quality Monetizing

Warsaw Poland, 30 September 2013



CONFERENCE PURPOSE & BENEFITS

The conference aims to provide a discussion platform on how to monetize mobile quality by improving the monitoring of service qualities in fixed and mobile telecommunications networks. The scientific research on new algorithms in QoS and QoE will be shared by renowned telecommunications scientists and specialists and compared with the best business practice and issues of professionals from the CEE region.

New algorithms for measuring quality of voice and video and current KPI and trends in LTE will be the key topics of the conference this year.

This is the must-attend event for the academicians, professionals and telecom carriers representatives focuses in depth on quality issues facing the up to date quality standards and practice.

The conference has been inititated by experienced instituitions in auditing of network quality performance:
IEEE Communications Society Chapter Warsaw, Warsaw University of Technology, Institute of Telecommunications, Systemics-PAB
