 - Communications Society track
-

2016 Accomplishments

- Accomplishments

ComSoc – Argentina Chapter – Membership 2016

Problems Encountered

● Problems

- ◆ People within the communications industry is working so many hours.
 - It is difficult to find volunteers.
 - ◆ Some people has the feeling that IEEE membership is expensive.
 - ◆ Internet provides a lot of information for free.
 - It is not perceived the real value of being a member of ComSoc.
-

● Plan

- ◆ Short lectures offered by practitioners.
 - ◆ Volunteers with focused tasks and minimum time commitment.
 - ◆ Develop activities whose price includes ComSoc membership.
 - ◆ Campaign to highlight the benefits of being a ComSoc Member.
 - ◆ Survey about the interest in some specific topics.
-

Next Year Work

● Promoting ComSoc

- ✓ Campaigns: Universities and professional associations.
- ✓ Including flyers in every Sections' activities.
- ✓ Mailing to the local communications and networks communities.

● New DLTs

- ✓ Identifying relevant topics for the local professionals.
- ✓ Coordinating with other Chapters in the area.

● Member Benefits

- ✓ Short courses with high discounts for ComSoc Members.
- ✓ Organizing exclusive visits to some interesting facilities.

● Other professional organizations and government relationships

- ✓ Granting access to activities organized by other organizations.
 - ✓ Promoting joint activities.
-
