The screenshot displays the IEEE GCN online newsletter website. At the top, the header includes the GCN logo, the text 'GLOBAL online COMMUNICATIONS NEWSLETTER', and navigation links for 'ISSUES', 'UPDATES FROM OUR CHAPTERS', 'ABOUT', and 'SUBMIT'. The IEEE ComSoc and IEEE logos are also present. A search bar is located in the top right corner. The main content area features a large background image of people at a conference. Below this, there are three 'CHAPTER REPORT' sections, each with a thumbnail image and a brief text summary. The first report is titled 'International Seminar at the El Salvador ComSoc Chapter on Current Trends in Mobile Communications'. The second is 'netBaltic: Enabling Non-Satellite Wireless Communications over the Baltic Sea'. The third is 'IEEE Spanish Signal Processing and Communications Joint Chapter's Activities in 2015'. Each report includes a 'Read More >>' link and social media sharing icons. At the bottom of the page, there are buttons for 'MAY 2016 ISSUE >>', 'ABOUT IEEE GCN >>', and 'SUBMIT >>'. The footer contains navigation links for 'ISSUES', 'UPDATES FROM OUR CHAPTERS', 'ABOUT', 'SUBMIT', 'CHAPTERS FORUM', and 'RECENT POSTS'.

- Problems

- ◆ the Online GCN Blog and Forum are dead

- What to do next

- ◆ adopt a well-established forum platform (e.g., vBulletin)
- ◆ work on the Online GCN problems with the Associate Editor
- ◆ series of interviews to MGA Directors in 2016-17
- ◆ bring to life the GCN Forum and Blog
- ◆ **find volunteers to solicit contributions from NA Chapters** (kudos to Mrs. Ewell Tan, Singapore!)

- Ongoing discussion on a process of **recertification of Chapter vitality**
 - ◆ IEEE recommends a *vitality checklist for successful Sections/Chapters*
 - ◆ ComSoc might request all Chapters to complete a mandatory checklist
 - Questionnaires would be still filled by Chapters who wish to receive funds and be considered for Awards
- ComSoc has already various **incentives** for active Chapters
 - ◆ funds upon completion of Questionnaires
 - ◆ Chapter Awards
 - ◆ chapters rewarded based on the number of members registered to ComSoc conferences (trial in NA Region)
- IEEE process in force for dissolving Chapters/Sections (vtools)
- Anything better we can do?
 - ◆ in some cases, there is only the chair with few volunteers around
 - ◆ dissolve or thank them for their effort in the desert?

- First proposed by Carlos Lozano, LA Director
- We should have a [standard ComSoc Promotional Kit](#)
 - ◆ intended for free distribution at Chapter events for members and potential members
 - ◆ IEEE PES has a standard Promotional Kit
- ComSoc Staff was requested to
 - ◆ compare the composition of ComSoc current promotional kits (if any) with the Promotional Kit of PES

Membership Strategies

Industry vs. Academia Membership

- Some shift of membership segments

	<i>total</i>	<i>professional</i>	<i>academic</i>	<i>unspecified</i>
2011	50,958	47%	16%	36%
2014	49,163	42%	21%	34%
2015	32,203	48.8%	23.6%	23.7%

- ComSoc membership is largely unbalanced towards non-academic
 - argument: "Who are "professionals"? "Professionals" are not "Industry"
 - what is "industry"? however, **75%-80% of members is not academic**

- Need to serve better **Industry** members and offer value to them
 - large industry stopped research or changed focus on communications
 - we need to re-focus on new industry interests
- Yet, do not disregard to meet the needs of **Academia and Students**
 - why only 20%-25% of our members comes from Academia?**

- Free-of-Charge membership inflated artificially our numbers
- Sharp decrease of ComSoc membership Sep. 2014 to Sep. 2015
 - ◆ Members: -32.3%
 - ◆ **Graduate Student Members: -58.4% ; Student Members: -83.7%**
 - ◆ stopping ComSoc FOC membership explains the -32.3% for members, but it is not the only reason for Students
 - students pay highly reduced IEEE and ComSoc dues: \$33 + \$17
 - professionals pay: \$162 + \$33 (from www.comsoc.org)
- October 2016
 - ◆ only 821 ComSoc Student Members (excl. GSMs) (stable vs. 2015?)
 - ◆ 28,658 members in total (-5% vs. 2015)

- **Student Members do not consider the value provided by ComSoc worth the \$17 fee** *(increased by BoG 2016...!)*

Strategic Planning Committee

Value Proposition for Students

- The Problem
 - ◆ *we lack to provide value for students, or (mere evidence of facts)*
 - ◆ *they do not understand the value we provide*
- The Challenge
 - ◆ to convince people (students) that *there is some exclusive content or service (i.e., value), which is obtainable only by ComSoc members*
- The Opinion of Leaders
 - ◆ BoG Opinion Poll: what are the 3 most important values you see in being ComSoc member? what is the reason why you pay the annual fee?
- ComSoc Values for Students?
 - ◆ some values identified also reflecting on the replies to the opinion poll
 - ◆ issue discussed in the Strategic Planning Committee

- ◆ Belong to a Community and networking (9)
- ◆ Reduced fees for conferences and publications (7)
- ◆ Communications Magazine (print and online) and other included publications (5)
- ◆ Volunteer service to the Community (incl. TCs) (4)
- ◆ Status recognition and association with a brand of excellence (4)
- ◆ ComSoc Publications and Conferences (excellence) (4)
- ◆ Stay up to date and get exposed to new research areas (4)
- ◆ Contribute actively to technical activities and advance (2)
- ◆ Awards (2)
- ◆ Online content (CTN, BR, DL) (2)
- ◆ Professional training (1)
- ◆ Support to nurture juniors (1)

Value Proposition for Students

- The **reputation** of being ComSoc member and participate to such a well-reputed community. How to make this *tangible*?
 - ◆ *ComSoc membership facilitates the interactions with VIPs* (e.g., by making VIPs to meet people at ComSoc main conferences)
 - ◆ encourage more Chapters *to organize DLTs and invite DLs to speak*
 - ◆ a student would *pay the modest fee just to access the best forums* where real experts post and discuss technical advances
- **Significant discount** granted to ComSoc members to access ComSoc conferences and publications (the best of the best)
- **Exclusive content** accessible only by ComSoc members
 - ◆ e.g., Best Readings, old-fashion Tutorials Now by ComSoc's best speakers, CTN, webinars, impromptu events, ...)
 - ◆ the key here is that such exclusive content is *updated every month*
- **Special initiatives** *open only to ComSoc Student Members*
