The screenshot shows the IEEE Communications Society website. A white circle highlights the IEEE Communications Society logo in the top left. Another white circle highlights the 'COMSOC DIGITAL LIBRARY' link in the right sidebar. The website layout includes a top navigation bar with links: About ComSoc, Publications, Membership, Conferences, Standards, Contact Us, and Site Map. The main content area is divided into several sections: 'SEARCH COMSOC' with a search box and 'go' button; 'HEADLINES' with news items about the debut issue of the Optical Communications Supplement, new featured content, and the February issue of C-News; 'PUBLICATIONS' with links to IEEE Communications Magazine, IEEE Network, and IEEE Wireless Communications; and 'CONFERENCES' with links to WCNC 2003, OFC 2003, and IM 2003. The right sidebar contains links to the COMSOC Digital Library, COMSOC Anniversary Collection, Advertising Information, and ComSoc Digital Library Subscription Info. The date 'Thursday, 27 February, 2003' is displayed in the top right.

ComSoc at a Glance

ComSoc is a Community . . .

.. A Community comprised of a diverse group of industry professionals with a common interest in communications technologies. To that end, the Society sponsors publications, conferences, education, and research in the following areas:

- Foster original work in all aspects of communications science, engineering, and technology.
- Encourage the development of applications that use signals to transfer voice, data, image, and/or video.
- Promote the theory and use of systems involving all types of terminals, computers, and information transfer; all transmission media; switched and unswitched networks; and network layouts, protocols, and standards.
- And strongly advance developments toward meeting new market demands in systems, products, and services for multimedia communications systems, enterprise networks, and optical communications systems.
